

Empowering Women

The Official Position of One Mission Church on Empowering Women

One Mission Church is committed to empower, protect, and bless our women for ministry in the home, in the church, and in the workplace, as they fulfill their God-given callings.

While we hold fast to the biblical principle of male headship, and set apart only men as elders and overseers, and call only men to serve as Lead Pastor, we empower women to serve with their God-given gifting in any and all other ministry positions.
